(54) COVERED POWDER-GRAIN, MOLDING, AND ITS PRODUCTION

(57)Abstract:

PURPOSE: To recycle especially a waste of moldings of foamed resin for the effective use thereof in the application to making fuel and the like other than making oil, and to extend the use application of the molding of foamed resin.

CONSTITUTION: A powder-grain 10 covered with a shelter 18 is formed by binding a coating of powder-grains 14 other than a resin with the surface of a resin power-grain 12 by a binder 16. The covered powder-grains 10 are bound with each other by the binder 16 to form a molding 20.
